TRAINING OBJECTIVE:

The Illinois Rural Water Association, with funding from the USEPA and National Rural Water Association, is conducting this no cost session on: flushing; sampling; disinfection by-product control; and nitrification action planning.

This session is for all operators and decision-makers that are responsible for the operation of a public water supply.

All materials will be furnished for this session.

5 hours of continuing education units will be awarded for this session.

This is an at-no-charge training session.

This course has been approved by the IEPA for operator certification renewal training hours.
