TRAINING OBJECTIVE:

The Illinois Rural Water Association, with funding from the USEPA and National Rural Water Association, is conducting this session on hydrants, valves, unidirectional flushing and data collection at no charge.

This session is for all operators and decision-makers that are responsible for the operation of a public water supply.

All materials will be furnished for this session.

4.00 hours of continuing education units will be awarded for this session.

This is an at-no-charge training session.

This course has been approved by the IEPA for operator certification renewal training hours.
