

PUBLIC WORKS TECHNICIAN

VILLAGE OF FORSYTH, ILLINOIS

The Village of Forsyth (pop. 3,734) is seeking qualified applicants for the filling of two (2) full-time Public Works Technician positions. These positions perform all work related to public works, water treatment and distribution, sanitary collection, and storm water collection.

The position requires skill in the following areas: operating mowing equipment, operating power equipment and hand tools, working on streets, paths, walks, parks and buildings, and janitorial cleaning, with a focus on customer service, oral communication and attention to detail. Also required: possession of or the ability to obtain an Illinois Class B CDL license within six (6) months of hire date, ability to work in all weather conditions and environments. Work schedule is 40 hours/week with occasional overtime. An IEPA water treatment license and/or experience in Public Works is preferred. Pay is DOQ/E.

Send resume and three references to the Village of Forsyth, c/o Darin Fowler, 301 S. Route 51, Forsyth, IL 62535 or to dfowler@forsyth-il.gov . Accepting resumes until positions are filled.

Applications are available on the Forsyth Website.
