

## **Wastewater Treatment & Collection System Operator – Join the Midwest Environmental Team!**

At Midwest Environmental, we're more than just a utility company — we're a team dedicated to delivering safe, reliable water to the communities we serve. We're currently seeking a driven and technically inclined Wastewater Treatment Operator to join our growing team. If you thrive in a hands-on environment, enjoy problem-solving, and want to work somewhere that values your skills and supports your growth, this is the opportunity for you!

### **What You'll Be Doing:**

As a key member of our operations team, you'll split your time between our treatment plant and the field, keeping wastewater flowing and systems running smoothly.

### **Treatment Responsibilities:**

- Operate and monitor wastewater treatment processes to meet all state and federal regulations.
  - Adjust treatment processes based on flow data, water quality results, and system demand.
  - Perform mechanical maintenance program and supervision of employees .
  - Maintain accurate operational records and complete routine inspections.
  - Lift station operations
  - Laboratory procedures
  - Assign work on a daily basis
- 

### **What We're Looking For:**

- Previous experience in wastewater treatment and with a Class 1 Illinois license
  - Mechanical and plumbing aptitude with a knack for hands-on problem solving.
  - Experience with heavy equipment and the ability to lift/move materials safely.
  - Ability to perform basic math calculations related to flow rates and chemical dosing.
  - Experience with control systems or PLCs is a plus.
  - Willingness to work in all weather conditions and participate in on-call rotations.
  - Strong communication and teamwork skills — because we work together to get the job done right.
- 

### **Why Midwest Environmental?**

- Competitive Pay – We value your experience and reward it.
  - Comprehensive Benefits – Health, dental, vision, retirement, and paid time off.
  - Purpose-Driven Work – Make a difference every day by protecting public health and the environment.
  - Supportive Culture – We're a team that has each other's back.
- 

**Ready to make waves in your career?**
