

PFAS Cost Recovery Program

Phase 2

In partnership with the National Rural Water Association and Napoli Shkolnik PLLC, we are sharing this call to action with you concerning the Phase 2 Settlement Deadline for the PFAS Cost Recovery Program.

Is this supported by our Association?

Yes, this program was initiated in 2018 when National Rural Water Association engaged the law firm of Napoli Shkolnik to file litigation on behalf of its members and all public water supplies. We encourage your system to register into the settlement to lessen the financial burden on your system and rate payers.

The Issue

Gain access to \$15.4 Billion Dollar Settlement for PFAS Detections. Systems must register to receive this funding. There is zero cost to register into the program.

Who is Eligible?

Any public water system that has tested and found detections of ANY PFAS chemical, at any level, is eligible to receive an award from this settlement based on level of detection and maximum daily flows. This includes all 29 PFAS compounds included in the UCMR5 monitoring rule.

Deadlines and Urgency

3M/DuPont Settlements

- Phase 1 of the 3M/Dupont settlement has ended.
- Phase 2 - systems that tested after June 22, 2023. The deadline to register in the program to be eligible for the settlement is **July 12, 2026**.

Additional Settlements

- Twelve other companies are in the settlement process with no set deadlines yet. It is important to note that once you have signed up for the PFAS Cost Recovery Program, Napoli Shkolnik will ensure your system is included in all applicable settlements.

Cost

There is zero cost to register into the settlement program. If your system does not receive an award there are no costs to the utility.

How much will my utility receive?

The amount will depend on the level of detection, the compound detected, and maximum daily flows.

Unrestricted Funds

There are no strings attached to the funding your system receives; the decision to utilize funds is at the discretion of the utility. There are no approvals or reporting requirements.

PFAS Detects

Many systems have tested positive for PFAS across the nation. Time is of the essence, act now and protect your utility and ratepayers from the costs of PFAS remediation and treatment. To date, Napoli Shkolnik Law Firm has recovered:

\$160M

\$160,168,505.50 in settlements

314

Rural Water Members

Estimated Awards

Awards based on level of detections and maximum daily flows

	3M	Dupont	Tyco	Additional Settlements
High	\$28,771,300	\$3,409,409	\$2,167,854	Ongoing
Low	\$3,824	\$453	\$286	Ongoing
Average	\$1,607,481	\$169,368	\$129,076	Ongoing

Additional Information

Register your system into the settlement at www.napolilaw.com/nrwa-pfas
There is no obligation. Hank Naughton or Sam Wade with Napoli Shkolnik will contact you to provide additional details and answer any questions you may have.

Is someone available to meet with our board/council?

Napoli Shkolnik welcomes the opportunity to connect with your board/council, staff or legal representative just give them a call or email.

Documentation

In order to participate in these settlements, public water systems need to submit four different forms to the Claims Administrator:

01	A completed IRS Form W-9.
02	Any evidence of any remedial action taken for PFAS.
03	Documents showing the maximum flow rate per source.
04	Documents showing the maximum permitted flow rate per source.
