Provide summary of drinking water related training: This presentation will provide an overview of EPA’s Guidance for Developing and Maintaining a Service Line Inventory. The guidance was developed to assist water systems in developing and maintaining service line and to provide best practices for inventory development and communicating information to the public. This presentation will also review studies ranging from simpler month(s)-long bench top dump-and-fill stagnant water tests to more complicated year(s)-long intermittent flow pilot studies.			

**Effective 7/1/2012, you must include Course ID Number on this form or it will be returned. Until 7/1/2012, if not known, leave blank.*
