# SRF- Loan Application Process

---

# Lead Service Line Inventory Grant Program

To assist communities in meeting the inventory requirements, the IEPA provided \$2 million in round 1, \$5 million in round 2, \$3 million available in round 3. Round 4 will make available \$6 million.

Notice of funding opportunity (NOFO) \$20k - \$50k per applicant.

Round 4 applications opened 2/15/24. There is no deadline to apply, the round will stay open until all funds are expended.

# Lead Service Line Rule Update- Part 663

Project area will be determined by the census tracts, where lead service lines are being replaced.

Disadvantaged Community (DAC) determination made by project area not service population of an applicant. Top ranked DAC's will receive PF.

DAC Definition- A community water supply system which has a lead service line inventory, has lead service lines that need replaced, and has submitted an application for funding for a project area where the MHI is less than 100% of the state average MHI. A disadvantaged community determination will be made for each application submitted to the Agency.

Funding cycle and application process will be same as the Public Water Supply Loan Program (PWSLP).

Under the new rule (Part 663):

- 0% Interest Loans
- Lead Service Line projects eligible for a 30 Year loan term
- 40 Year loan term for DAC's

# Lead Service Line Replacement Projects Priority Scoring Census Metrics

---

- The applicant will identify the census tract(s) of the project area from the U.S. Department of Commerce, Bureau of Census.
- The Agency will calculate the loan priority score by totaling the points awarded on the following criteria:
  - Median Household Income (MHI)
  - Children under the age of 6
  - Poverty Rate
  - Social Security Rate
  - Supplemental Security Income
  - Houses built Pre-1990
  - Lead Service Line burden
- A new funding nomination form must be submitted to the agency prior to March 31.
