<p>This presentation will provide utilities with information on freely available resources and funding opportunities that utilities can take advantage of to reduce the threat of cyber attacks. This presentation will discuss EPA’s first-of-its-scale water security test bed, which replicates a section of a typical municipal drinking water piping system. This EPA-developed test bed evaluates infrastructure and premise plumbing decontamination technologies and mobile emergency water treatment systems. Future research will focus on prevention, mitigation, and quick return-to-service of distribution system operational technology hardware and software compromised by cyber attacks.</p>		
<p><i>*Effective 7/1/2012, you must include Course ID Number on this form or it will be returned. Until 7/1/2012, if not known, leave blank.</i></p>		

I certify that the above information is true and accurate and that I have successfully completed the above listed training. I understand that proof of training records must be maintained by me for a period of four years. I further acknowledge that falsification of this form or any form used in the certificate renewal process may result in denial of certificate renewal or restoration and is a cause of certificate revocation and/or suspension.
